EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

With respect to the amendment detailed below, it is noted that Applicant stated on page 5 of the "Remarks" section of the response filed October 10, 2007, that this change was affected by Applicant in response to the Examiner's objection to claim 12 as set forth in the office action mailed July 12, 2007. However, the amendment was not made in the October 10, 2007 response. It is also noted, as per page 6 of the aforementioned "Remarks" section that Applicant has authorized the Examiner to make necessary formal corrections to the claims in order to pass the case to issue. For this reason, the Examiner did not attempt to contact Applicant's representative for authorization to carry out this Examiner's Amendment.

The application has been amended as follows:

- In claim 12, on line 4, --conical-- has been inserted between "by a" and "valve seat"

Allowable Subject Matter
